Solid Performance. Amazing Experience.

Experience Dolby Atmos with a new dimension driven by no less than 8 speakers offering a powerful soundstage. Not only will the performance amaze you, but it will do so with a surprisingly sleek design and compact yet powerful subwoofer. Besides from offering great immersive movie and TV experiences, it will also quickly become your living room audio hub with Chromecast built-in, Works with Apple

AirPlay, Works with Hey Google and Works with Alexa connecting to all popular audio ecosystems. It also supports HDMI with eARC to connect to your TV supporting all audio formats and Dolby Vision compatible 4K pass-thru as well.

Product Highlights

Dolby Atmos

Dolby Atmos offers boundary-less sound that moves around you. Individual sounds are precisely placed in the room, immersing you in each story and song.

AirPlay technology brings you multiroom audio, Siri voice control, and enhanced playback.

Chromecast built-in brings Google Assistant voice control and multiroom audio, easy from numerous devices

Works with Alexa lets you use your Amazon Echo or Alexa built-in device to play and control music playing on this soundbar and set it up with other speakers throughout your home.
